

SINCE 2023 DONATIONS HAVE RISEN BY 40%

Milford Hospice

Milford Care Centre has been at the heart of compassionate care in the Mid West region since 1928, providing Specialist Palliative Care and Older Persons Services through its voluntary, not-for-profit organisation and registered charity model.

Community fundraising plays a vital role in supporting these services. Fundraising Solutions is proud to support Milford Hospice.

Growing Community engagement through Coffee Morning Campaigns

One of Milford Hospice's most recognised fundraising initiatives is Hospice Coffee Morning, which has been a campaign that has brought communities together for more than 30 years.

Fundraising Solutions supports the campaign by supplying the campaign branded labels and online fundraising pages used throughout Coffee Morning events, helping organisers promote fundraising activities in homes, workplaces and local communities.

Every cup of coffee, every guest invited, every euro goes towards improving the comfort of patients and families in Milford Hospice. The results over the last three years highlight the continued growth of the campaign.

“Together, these tools at Fundraising Solutions help increase visibility, encourage donations and strengthen community engagement across the Mid West region”

Anne Marie Hayes, Fundraising Manager

Partnership built on Community

In addition to Coffee Morning campaigns, Fundraising Solutions also supplies Milford Hospice with online fundraising units, charity collection units, street counter top units, QR codes used throughout the year across businesses, retail locations and fundraising events.

These effective and highly visible fundraising tools help maintain awareness and generate ongoing public support for Milford Hospice services.

“The Partnership between Milford Hospice and Fundraising Solutions shows how collaboration between charities and organisations can help strengthen fundraising efforts across Ireland” Anne Marie-

Fundraising Manager
